1) Direct control of the characters. You

can move forward by pressing the direction keys and by attacking enemies with the weapon, by moving around a city with C as well as D, or by healing yourself with HP. 2) Variety of quests and events. In the main story, you will be required to fight against enemies in various situations, gradually develop the character, and engage in various important events. 3) A sense of adventure. 4) Boss battles. In these battles, you need to move around the city and keep attacking and healing yourself while evading the enemy. 5) The huge world. It is very vast so you can experience many different scenery and things. 6) No grinding. You will be able to have a successful adventure by participating in quests that are important to the game. The Bad : 1) The difficult battles. It is difficult to avoid the attacks of enemies, heal yourself, and keep dodging, and as a result, your character will often be in a critical condition. 2) Well, if you try to advance, some of the events are more important than others and you will have to progress through difficult quests to have an enjoyable gameplay. 3) It is annoying that you cannot play the game during a long period of time in a specific location.
