My new gf hates the idea of spending a lot of money for an old phone, so I want to give her my LG KE970 that I use. We talked and it looks like a good deal - 80% off of the price of my LG when the lifetime phone warranty expires. But even though the dude in the store was great and said that I'd need a MicroSIM card for this phone, I do NOT have a MicroSIM. And the guys at Mobile phone store said they have a MicroSIM but I cannot get the SIM to snap into place. I've tried all the tricks I can think of, but it wont snap in. Did the LG come with a MicroSIM or is it missing something? Hi, here is what happened.
