Using the Clone Stamp To use the Clone Stamp, you need to click on the Texture icon on the toolbar or press Ctrl + 0. This will open the Clone Stamp menu. You can use this tool to duplicate, copy and paste pixels. Let's see some of the most common ways to use the Clone Stamp. 1. Compose with the Clone Stamp To use the Clone Stamp, click on the Texture icon on the toolbar or press Ctrl + 0. This will open the Clone Stamp menu. You can use this tool to duplicate, copy and paste pixels. You can use the Clone Stamp in two ways. You can use it to copy an object or an area in one layer and paste them into another. To Copy a selection using the Clone Stamp, hold down Shift when you click on a layer. This will ensure that you copy the selection, rather than the image itself. Now you can use the Clone Stamp to paste objects and areas from one layer into another layer. 2. Convert to Details The Clone Stamp is extremely useful to remove the definition from an image. Simply use it to paste the definition back into the place where you want the definition to appear. Simply make a selection by clicking on the image, and use the Clone Stamp to paste a copy of the area. 3. Choose An Area The Clone Stamp is ideal for touching up damaged images. To get an instant result, select an area using the Lasso tool and use the Clone Stamp to get the details back into the part of the image that you're touching up. To select an area using the Lasso tool, first click on a point on the left side of the screen, then click on a point on the right side to be taken to the next point. Click on the points, and paint until you get the area you want. 4. Create Texture The Clone Stamp is a great tool for creating textures. To use the Clone Stamp to create a texture, create a new layer using the Layer > New > Layer dialog box. Paste a section of your image using the Clone Stamp, and adjust the settings to suit the image. 5. Create Vignette The Clone Stamp makes it easy to create a vignette effect. To use the Clone Stamp to create a vignette effect, select an area and use the Clone Stamp to create a texture around the edge. 6. Create Sc
