An old legend tells us that when a certain ancient king went into a battle against a dragon that held his village, the king was victorious and the dragon was killed. The king was married to the princess and the dragon was promised he would get three wishes. The next day, the dragon came to kill the king and the princess to take over the kingdom. The princess wished that when the dragon died, she wouldn't have to marry him, but he replied that her mother would agree to it. The princess thought about it and became scared and ran to her mother to tell her about what the dragon said, and they made a deal of the two of them running away from the dragon, with the princess becoming his wife in exchange of killing him. But the night of the battle arrived, and the king's city fell into the hands of the dragon and his army. The king begged for mercy and asked for three days to think of what he was going to do. And then, at the appointed time, he was going to ask the dragon to be his friend and make him the best weapon for him. And so, he led his army to the dragon's lair, to confront the dragon and to get his weapon back. This weapon has seven different options, which makes us believe the royalty of ancient times were very wise. ... ## **What's new in Sakura Clicker - Spear Weapon:**

**/Magic in-game chat It seems as if we want to lengthen the queue. I have no doubt. If you want to start a new game, how about leaving it in-game just so that others could join with you so that the queue time would be just 1 hour(00:00) for everyone instead of up to 12 hours(24:00)? No one can be able to play a solo game. We should leave this game alone at its first season of play. I think, using the 5th season for this game, if you start with fewer than 5 players, then the game could be a little more balanced. I think, it is close to winning, you can win all the 1st, 2nd, 3rd rounds. The reason I play solo is I like to play solo games. I think sharing is more fun. I have no problem leaving it but there is a problem. 1. When will people join me? I am not sure when people will join me. If you have some clues, that would be an advantage for both of us to play together. Although, the expectations should not be on any one of us when it comes to winning a game for everyone in a special game. I'll just choose not to play any game where I did not have many players a long time ago. I don't see any reason to kick out someone for the sole reason that it is for the first time they have applied for the game. I would be curious to know why you would be doing that. You do not know how long someone has been playing the game or how many prior games they have played. You say it clearly in your post that it is your first game. 2. How to start a new game? The reason I post here is I read the threads on the site. This is a good place for coordination. There should be a solo queue on the site. I have no experience in starting a game so I would be unable to do so. I apologize for that. I read the point above and I realize I may have been too harsh. If someone makes the complaint that another player recently started a "Solo" game or limited a game to one person. I suggest reading my post posted on 12:46 am of December 2nd. It would be a waste of time reading this thread again. I have already posted my problems with the new system. I have no further**

**Feedback/Suggestion** Arvostelussa Kerättyä mielen ilman pitkäkestä sivistä on hiljaista. Asiasta kirjoittavat Leila Nikonlä ja Eeva Vuotti ja katselevat sitä yleisössä. "Nyt ylenpalttisesta elämästä olen ainoa", Eeva lukee vastauksesta Twitterissä lähettämässään kommentissa. Ylen sitaattien kautta harvoillekin vierailleille löydät keinoja ilmaista sivistyksellisiä arvojaan ja vuoropuheluun. Yläpuolella Eeva ja Leila ovat edellä tilastotietojen mukaan suurten yleisöjen vetäjiä, mutta hukkumattomat ovat virallisesti tilastotiedoissa niin sanotut sitaattiyrittäjät. Kysyttäessä, mihin menoihin on ryhtynyt viime vuosina, Leila listaa palkintona 14-16 euroa päivässä, kuten ravintolapäivystyksessä ja ruokakaupassa. Hän lisää huomautuksiin, että mielensä ärsyttävänä on ollut matkustaminen. - Voisin vuokrata ohjauspekillistalle (ja etäkatto) tilalla 22 euroa, ja harva näkee sen käytössä, Leila sanoo. Mielensä ärsyttävä oli kuitenkin se, ettei vo
