
Adfender !!BETTER!! Crack

AdFender Cracked. I just got my copy of AdFender 2.10 which I wish I had known about earlier. It's worth the money! Especially for commercial websites.Q: Is there any way to create a custom list adapter in android? I have a problem with my android app.I have a list containing 20 list items each time using array list.i want to delete the last 2 elements of my list on clicking of a button so i created a method for it but i am getting a force close error is there any way to create a custom list adapter so that it should delete the last two elements. public void deleteLast2Elements() { l1.remove(l1.size()-2); l2.remove(l2.size()-2); l3.remove(l3.size()-2); } and here is my custom list adapter import android.content.Context; import android.view.LayoutInflater; import android.view.View; import android.view.ViewGroup; import android.widget.AdapterView; import android.widget.TextView; import android.widget.Toast; /** * Created by on 7/17/2015. */ public class CustomListAdapter extends ArrayAdapter { Context context; int layoutResourceId; ArrayList data = new ArrayList(); public CustomListAdapter(Context context, int layoutResourceId, ArrayList data) { super(context, layoutResourceId, data); this.context = context; this.layoutResourceId = layoutResourceId; this.data = data; } public static class ViewHolder { public TextView textView1; public TextView textView2; public TextView textView3;
